Christopher J Serrie is the C.E.O. and Managing Partner of Building Water Solutions Inc.

As founding partner Chris is responsible for all matters relating to the operations, long range corporate planning and strategic initiatives to enable our firm to sustain its leadership position in the industry worldwide.

Chris brings over 25 years of experience in the commercial real estate industry having been involved and having direct oversight for planning, leasing and development, asset management, acquisitions and dispositions. Over the last 10 years Chris has been President and Managing Partner of F.A.I. Development Corp. overseeing all their corporate initiatives and investments. Prior to that Chris has held senior postings at some of the largest property companies and asset management companies in the country.

Chris brings a wealth of knowledge of the property industry and its ownership concerns from all perspectives including that of tenant, manager, developer and owner enabling him to have an in-depth understanding of our clients needs from their perspective.

Chris's exposure to overseas markets including Dubai, China, United Kingdom, Singapore, USA and others throughout his career ensures a worldly view on issues relating to water and infrastructure issues affecting a property company's worldwide portfolio and the best solutions available to maximize returns.
